

Nuclear Disaster Preparedness - Additional Supplies

In addition to stocking 2-3 months' worth of emergency supplies, please ensure you have the following items prepared for potential relocation of your family to a safe site—that we have prepared, away from large metro areas—in the event of an imminent nuclear disaster. You and your family should be ready to relocate with your emergency supplies, and the additional items listed below, if and when the local Jama'at advises you to do so.

- **Shelter and Protection:**
 - A tent for your family
 - One or more tarps
 - Blankets
- **Clothing and Personal Items:**
 - Warm clothing including layers
 - Undergarments
 - Socks, shoes, flip flops
 - Hats
 - Gloves
- **Lighting and Communication:**
 - Flashlights with extra batteries or solar-powered alternatives
 - Whistle or signaling device to attract attention if needed
- **Miscellaneous:**
 - Map and compass: to navigate in case GPS is unavailable
 - Cash in small denominations for emergency purchases
 - Important documents - copies of identification, insurance papers, etc.
