Eid Mubarak!

Hazrat Khalifatul Masih V (aba) delivered his Eid Sermon on May 24, 2020 and talked about the reality of Eid. He (aba) stated that, "The Eid that does not have a lasting benefit cannot be a true Eid. True Eid is that which leads to a long lasting change for the better. It is the Eid which nourishes the soul and leaves a person better off. The greatest wealth for a Muslim is, and should always be, the attainment of the pleasure of Allah and that is what constitutes a true celebration of Eid as it is a recognition of real prosperity."

May Allah enable us to carry on the righteous deeds we performed throughout Ramadan so that our Eid might be considered a true Eid. Ameen!
