Response to Quran Burning in Sweden

Hazrat Khalifatul Masih V (aba), in a press release regarding the burning of the Quran in Malmo, Sweden and the subsequent response of some Muslims stated, "The truth is that most people in Sweden and other Western countries remain unaware of the true teachings of Islam and this enables extremists to take individual verses of the Holy Quran completely out of context for the sake of their false propaganda. People who conduct such hateful acts have no knowledge of Islam or what the actual conditions laid down in the Holy Quran are for Jihad. They ignore the fact that the Bible has many more verses that can be taken out of context and used to justify the use of force. Regardless, it is the duty of Ahmadi Muslims to introduce and exemplify the true and peaceful teachings of Islam in each and every city and town so that people understand the reality of our religion."
