On 27 March 2022, Hazrat Khalifatul Masih V (aba) was asked the question of how the difference between revelation and a person's own thoughts could be explained. Huzoor (aba) answered, "We believe that when some scientists ponder over an issue and the solution to their problem is likely to be of benefit to mankind then God Almighty helps them and reveals to them a solution and this is also a form of revelation. These are the revelations for secular people. It does not have any link with spirituality and is secular in nature. There is a spiritual realm and then there is a secular realm. Where Allah the Almighty guides people in the spiritual world with revelation, so too does He guide those who are making new inventions in the secular world through the means of revelation.
